Where do I vote?

Election Results

To vote in the 2016 statewide general election, a person must be registered and meet the following qualifications:

- be a U.S. citizen
- be at least 18 years of age, or be 17 years of age and will turn 18 no later than November 8, 2016 (the date of the general election)
- reside in the county and election district in which he or she presents to vote
- not be serving an active sentence for a felony conviction

To register to vote, a person may complete and download a printable voter registration form on the State Board of Election's website: www.ncsbe.gov. Voter registration applications are also available at county boards of elections offices, public libraries, high schools and college admissions offices. Persons may also register to vote at any DMV office and at certain agencies. The deadline to register to vote is 25 days before the election. Voter registration forms that are received by the county board of elections offices or postmarked by the deadline are accepted as valid applications for the upcoming election.

North Carolina law permits citizens who are at least 17 years of age to register to vote and vote as long as the person will be 18 years of age on the date of the general election. If you are 17 and will be 18 on or before November 8, 2016, you may register to vote for the upcoming election. You may vote in person on election day or during early voting or you may request to vote a by-mail absentee ballot.
